

COROLLA

TOYOTA

ALWAYS A
BETTER WAY

A NEW ERA FOR COROLLA

DISCOVER THE WORLD'S BEST-SELLING CAR

IT'S TIME TO CHOOSE HYBRID

YOU'LL LOVE THE SPIRITED DRIVE OF THE NEW COROLLA

Toyota Hybrids are a pleasure to drive. They're incredibly smooth and very responsive – and when you're driving through the city, you enjoy the blissful silence of the all-electric mode. They also save fuel and reduce emissions, while still being as easy to drive as a conventional car. And because they're self-charging, you never have to plug them in. So it's no surprise that Toyota Hybrids have been chosen by over 12 million drivers around the world.

2.0 LITRE HYBRID A JOY TO DRIVE

Hybrid never felt so good. The new 2.0 litre Hybrid Dynamic Force engine developed for Corolla takes Hybrid to an exciting new level, delivering plenty of power and effortless acceleration for a spirited and dynamic drive that makes even the most everyday journey a joy.

EXPERT CORNERING EMBRACE THE DRIVE

TNGA gives Corolla Hybrid a low centre of gravity that reduces body roll, providing extra control when cornering. A highly rigid body helps to enhance ride comfort, while the double wishbone suspension absorbs shocks from bumps in the road more effectively, making the ride even smoother.

A MORE REWARDING DRIVING EXPERIENCE

ENJOY A CAR THAT MAKES DRIVING FUN

At Toyota, we're committed to making ever better cars. That's why we're introducing Toyota New Global Architecture (TNGA) – a new platform that delivers excellent performance. This is the first Corolla to use TNGA, and the difference is clear from the moment you get behind the wheel, with excellent handling and stability making the drive even more rewarding. Sit back and enjoy the journey.

DESIGNED TO TURN HEADS

THE NEW COROLLA IS STRIKING FROM ALL ANGLES

The first thing you notice about the new Corolla is its bold and dynamic exterior, which can be made even more eye-catching with a selection from our bi-tone paint options. An attractive low bonnet gives it a sleek profile, which is enhanced by sporty 18" alloy wheels. The front and rear views reveal the car's powerful wide stance, emphasised by a wide, sporty grille and stylish all-LED lamps.

MULTI-BEAM LED HEADLAMPS SIMPLY BRILLIANT

Both headlamps and rear lamps are LEDs, providing excellent power and visibility while using very little energy. The LEDs are arranged in clusters which form elegant curving lines that suit the car's sleek design. And the Adaptive Automatic High Beam system instantly gives you the visibility you need without dazzling other drivers.

AMBIENT LIGHTING SETTING THE MOOD

Nothing does more for a space than light, and the new Corolla features ambient interior lighting throughout the cabin. The light is a cool shade of blue, giving the interior a stylish, sporty feel. It's a subtle touch – one of many that make this a car you'll love spending time in.

A SENSE OF STYLE

ENJOY A BEAUTIFULLY DESIGNED INTERIOR

If you think the new Corolla looks good on the outside, just wait until you get into the car. Our designers have chosen a combination of high quality materials that look stunning together – and also provide a pleasing variety of textures. An all-black look gives the interior a sporty feel, or you can choose a cool grey that underlines the spacious and uncluttered design. Stylish sports seats complete the look perfectly.

INFORMATION DISPLAY CHOOSE YOUR LOOK

At the centre of the instrument panel is a 7" information display with a colour screen that tells you everything you need to know. You can choose a speedometer with a traditional dial, a simple digital version or an ingenious 3D effect that gives the display a particularly striking look.

TECHNOLOGY FOR EVERY JOURNEY

DESIGNED TO MAKE THE DRIVE EVEN SMOOTHER

Intuitive technology helps make every journey a pleasure. A Head Up Display projects driver information and warnings onto the windscreen so you can always keep your eyes on the road. An 8" full-colour touchscreen gives you instant access to the Toyota Touch® 2 multimedia system, and it can even display what's on your phone screen to make playing music and making calls even simpler. The 8-speaker JBL premium sound system makes listening to every track amazing. And with a wireless mobile phone charger, you'll never run out of battery.

PANORAMIC MOON ROOF REACH FOR THE STARS

A large panoramic moon roof lets light flood into the cabin, making it feel even more spacious. It slides open to let fresh air in, giving you a real sense of connection to the world around you, while a powered sunshade keeps wind noise out.

SIT BACK AND RELAX

EVERY JOURNEY PUTS YOU AT EASE

The cabin of the new Corolla has been designed around your comfort. Sports seats upholstered in a combination of leather, Alcantara® and quilted fabric wrap around you to hold you firmly in place, keeping you comfortable on long journeys. The steering position has been designed to feel as natural as possible, helping to avoid fatigue. Steering-wheel mounted switches for driving, infotainment and audio controls let you keep your hands in one place, while a steering wheel heater keeps them warm on cold days.

SPACE FOR ALL THE FAMILY

DESIGNED AROUND YOUR LIFESTYLE

The new Corolla Touring Sports gives you the space you need, where you need it. It makes the rear passengers just as comfortable as the people in the front, thanks to plenty of knee room, a continuation of the ambient lighting and heated seats for those colder days. And whether you're taking a bicycle, golf bags or the whole family's luggage, the generous boot space is versatile enough to fit it in easily, thanks to an adjustable deck board, handy side pockets and easily folded seats.

ADAPTABLE STORAGE SMART AND PRACTICAL

The thoughtful design of the boot makes it easy to take everything with you.

1. The boot deck board is reversible, with carpet on one side and a resin finish on the other, so you don't have to worry about transporting garden plants, wet surf gear or your dog. And if you need extra space, you can simply move it to a lower position.
2. Need even more room? Just pull a lever and one of the rear seats, or the whole row, automatically folds down without any fuss.

BOOT OPENING HANDS-FREE

When you really need to open the boot, the chances are you're carrying something bulky. So you'll be glad of the hands-free kick sensor available on the tailgate. When you're carrying your smart key, you can just slide your foot under the rear bumper and the door opens or closes automatically. And with a close and lock function, keeping your belongings secure is just as easy.

THE INNOVATIVE TOYOTA SAFETY SENSE

RELAX AND ENJOY REAL PEACE OF MIND

Everything we do starts with your safety. For instance, the innovative Toyota Safety Sense package anticipates potential hazards and helps you respond more effectively. Also part of the comprehensive suite of safety features is the Full-Range Adaptive Cruise Control. This, together with Hybrid technology and its automatic transmission, delivers a smooth and hassle-free drive – perfect for the city. And with a range of intelligent driver aids including a rear-view camera, Blind Spot Monitor, Rear Cross Traffic Alert, Intelligent Parking Assist and Adaptive Automatic High Beam, every journey will be as easy as it is enjoyable. So you can be sure that you and your passengers are even safer and more relaxed than ever before.

TOYOTA SAFETY SENSE INTELLIGENT ASSISTANCE

1. Automatic High Beam

Detects the lights of oncoming vehicles. It switches automatically between high and low beam.

2. Road Sign Assist

Monitors the road signs ahead, displaying useful information such as the current speed limit on the TFT cockpit display.

3. Pre-Collision System with Night-time Pedestrian Detection

Detects other vehicles and pedestrians in the car's path in low light. If a collision is judged to be imminent, the driver is alerted. If the driver fails to respond in time, the brakes engage automatically.

4. Pre-Collision System with Cyclist Detection

Detects cyclists and vehicles in the road ahead. When the possibility of collision is detected, the driver is alerted. If the driver doesn't react, the brakes engage automatically.

5. Full-range Adaptive Cruise Control

Enables the car to maintain a constant speed without the use of the accelerator pedal. If this distance falls, it reduces speed to preserve the distance between the car and the vehicle ahead.

6. Lane Trace Assist

If the car begins to drift from the centre of the lane unintentionally, steering assist is applied to correct its course.

WE CHOOSE FREEDOM

EXPERIENCE THE NEW COROLLA

The world is choosing Hybrid, and the new Corolla takes the Toyota Hybrid system to the next level. Engine response has been enhanced and output from the hybrid battery has been increased, providing excellent responsiveness for an exhilarating driving experience. In addition, the electric motors and enhanced engine efficiency help to improve fuel consumption and reduce emissions even further. This is a car that delivers outstanding performance, efficiency and pure driving pleasure.

FIND YOUR COROLLA

EXPLORE THE FULL RANGE

Model shown is Hybrid Active.

FEATURES

ACTIVE

Main features

- 15" steel wheels with wheel caps (6-double-spoke)
- Follow-me-home headlights
- Dusk sensor
- Heated door mirrors
- Adjustable Speed Limiter (ASL)
- Automatic High Beam
- Intelligent Adaptive Cruise Control
- Hill-start Assist Control (HAC)
- Pre-Collision System with Pedestrian and Cyclist Detection
- Lane Trace Assist
- Road Sign Assist
- Black fabric
- 8" multimedia display
- MyT Connected Services
- Push-button start
- Dual-zone automatic air conditioning
- Illuminated entry system

For differences between hybrid and conventional grades, please see pages 48–59.

A WHOLE LOT
MORE THAN THE
ESSENTIALS

FEATURES

MID

Main features (additional to Active)

- 16" alloy wheels (5-double-spoke)
- Rain sensor
- Automatically retractable door mirrors
- Smart Entry & Start System
- Front fog lamps (LED type)
- Black or black/grey quilted fabric, grey stitching
- Toyota Touch® 2 with Go navigation system
- 6 speakers
- Toyota Touch® 2 multimedia system
- USB connectors (2)
- Leather gear shift knob
- Paddle shifts
- Dynamic guide lines on rear-view camera display
- 7" screen for information display

For differences between hybrid and conventional grades, please see pages 48–59.

THE FINAL TOUCHES

CHOOSE YOUR ACCESSORIES

Genuine Toyota accessories are designed with the same care and attention to quality and detail as your Corolla. They will help to give you the opportunity to add your own stylish, practical and innovative touch.

CHROME PACK

The Corolla's lines are sporty and dynamic. The Chrome Pack is an ideal way to give those looks subtle yet unmistakable highlights.

Front bumper garnish

This distinctive chrome garnish gives the front bumper and grille extra definition and style.

Side sills

Highlight the aerodynamic contours of your Corolla with a touch of perfectly integrated chrome.

Rear lower boot garnish

A little flash of chrome at the lower edge of the boot adds a final touch of style.

BLACK PACK

The Black Pack is subtle and understated, distinctive and confident. It is the ideal way to emphasise your Corolla's sleek, refined style.

Front bumper garnish

Add a little understated emphasis to your Corolla's grille and front bumper with this stylish black garnish.

Side sills

This touch of black underscores the smooth contours of your Corolla, and integrates seamlessly.

Rear upper boot garnish

A subtle signature for your Corolla's boot which adds a flourish of refinement.

HYBRID PACK

Your Corolla Hybrid is a special car. The Hybrid Pack lets you show you care for the planet and gives your pride and joy a treat.

Key cover

Protects your key with this cover, while the Hybrid logo lets the world know that you're looking after the planet's future in style.

Scuff plates

Protect the door sills from wear and tear and remind your passengers that this is a Corolla Hybrid.

The accessories above are a small selection from our wide range.

Depending on your needs and wishes, the following Toyota accessories can help you out: Be safer with a Toyota parking aid and a child restraint seat. Be more connected with a Toyota navigation unit. Enjoy basic comfort with a storage box or ashtray.

Visit the Toyota website to find the complete overview.

HOLIDAY PACK

You need all the extra storage space you can get when you go on holiday, whether it's for clothes or sports equipment. The Holiday Pack has all you need to make the most of your summer and winter breaks.

Cross bars

These aerodynamic, lockable cross bars click easily onto the roof rails on your Corolla. They can be used with a wide range of other attachments.

Thule Motion 800 ski box

A streamlined, high capacity box which you can open from either side. The central key can't be removed until all the locking points are closed.

TRANSPORT PACK

Whatever your lifestyle, the Transport Pack has the perfect accessory for the job. Each one is designed to function perfectly and to complement your Corolla's looks.

Horizontal detachable towing hook

You don't need a towing hook all the time, so this one is detachable. It's easy to fit, lockable, and has a tough anti-corrosion surface.

Rear bumper protection plate

Protect your rear bumper and boot area paintwork from scuffs and scratches when you slide heavy or cumbersome objects into the boot.

Boot liner

The boot liner fits your Corolla perfectly to protect it from dirt, spills or muddy paws. Its anti-slip surface also stops luggage moving.

Tablet holder

The headrest docking station gives this holder a stable base. It adjusts for size as well as for landscape or portrait formats, and tilts for comfort.

Cargo organiser for spare wheel

Your spare wheel can be a useful storage space. It will hold a towing hook, safety kit, tyre repair kit, first aid kit and safety wheel-nut lock, towing and starter cables.

PROTECTION PACK

Your Corolla's a great looking car and the Protection Pack will let you keep it that way. It will help you to avoid damage from low speed collisions and protect it against parking scrapes.

Mud flaps

For both front and rear wheel arches, these will minimise the amount of mud, water and stones which can get thrown up against the car's body.

TPA front kit

When you're parking or approaching low objects at under 20 km/h, you'll hear a warning which gets louder the closer you get to the obstacle.

TPA rear kit

Like the front kit, the rear kit will also warn you when you're parking or approaching low objects at under 20 km/h, getting louder the closer you get.

Boot liner

This anti-slip boot liner fits your Corolla perfectly, protecting it from dirt, spills or muddy paws.

Rear bumper protection plate

Protect your rear bumper and boot area paintwork from scuffs and scratches when loading the boot.

MyT by Toyota

ALWAYS CONNECTED

CONNECTIONS THAT MAKE LIFE EASIER

MyT is a set of connected services for your car, designed to make your life easier. Through the MyT app, you can link up and stay in contact with your Toyota, opening up a world of possibilities. For example, you can plan journeys before you leave, then send the destination directly to the car's satnav. And if the last leg of your journey needs to be completed on foot, you can share the directions with your phone again. What's more, because the MyT app stores data about how you drive, it could even lower your insurance premiums. Perhaps most useful of all, you'll never forget about your next service, thanks to maintenance reminders linked directly to your car's mileage. With the MyT suite of connected services, you can save time, money and worry – every day.

For more information visit: www.toyota-europe.com/MyT

LINK UP STAY CONNECTED

Driving Data

Record and review all your driving data, including speed, acceleration and mileage.

Find My Car

Powered by Google Maps, Find My Car tells you exactly where your car is – so you will always remember where you parked.

Share To Car

Plan a journey from the comfort of your home – or anywhere. With MyT, you can send your destinations directly to your car's navigation system.

Car To Door

This service transfers data from the satnav system to your phone, for journeys that need to be completed on foot.

Service Reminders

With advance maintenance reminders based on your car's actual mileage, you'll never miss a service again.

Usage Based Insurance

By enabling the recording of your mileage, this feature could give you access to better car insurance deals.

The fuel consumption and CO₂ values are measured in a controlled environment on a representative production model, in accordance with the requirements of the new WLTP European Regulation EC 2017/1151 and its applicable amendments. For each individual vehicle configuration, the final fuel consumption and CO₂ values may be calculated based on the ordered optional equipment. The fuel consumption and CO₂ values of your vehicle may vary from those measured or calculated values, as driving behaviour as well as other factors (such as road conditions, traffic, vehicle condition, tyre pressure, load, number of passengers, etc.) have an influence on a car's fuel consumption and CO₂ emissions. For more information regarding the new WLTP test method, please visit: <https://www.toyota-europe.com/world-of-toyota/feel/environment/worldwide-harmonized-light>

TOYOTA 2050 ENVIRONMENTAL CHALLENGE & ENVIRONMENTAL LIFECYCLE POLICY

At Toyota, we want to go beyond zero environmental impact and leave the world in a better place than we found it. To make that happen, we have set ourselves six challenges to complete by 2050. Each one throws up its own difficulties, but we are committed to generating a positive and sustainable impact on society and the natural world as a whole.

CHALLENGE 1 NEW VEHICLE ZERO CO₂ EMISSIONS

By 2050, we want to reduce the CO₂ emissions from our vehicles by 90% compared to our 2010 levels. To achieve this, we will promote the development of new vehicles with low or zero carbon emissions, and do everything we can to increase the uptake of these vehicles.

CHALLENGE 4 MINIMISING AND OPTIMISING WATER USAGE

To minimise water usage, we have started to collect rainwater at our manufacturing plants. We have also developed purification methods so that the water we do use can either be used again or returned safely into the local supply.

CHALLENGE 2 LIFE CYCLE ZERO CO₂ EMISSIONS

We are working to create more environmentally friendly designs – and then analysing and refining them to ensure the lowest possible environmental impact throughout the vehicle's entire life cycle*.

CHALLENGE 5 ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

We've been working on the challenge of resource recycling for 40 years, with the result that 95% of every Toyota Corolla is now reusable and recoverable. In addition, we offer new and innovative ways of returning your vehicle when it eventually reaches 'the end of the road'.

For more information regarding Toyota Environmental Challenge please visit:
www.toyota-europe.com/world-of-toyota
or contact your local Toyota retailer.

* Toyota's LCA methodology, which is applied to our passenger vehicles, was reviewed and approved by TÜV Rheinland and has been certified to comply with ISO14040/14044 standards.

CHALLENGE 3 PLANT ZERO CO₂ EMISSIONS

To reduce carbon emissions at our manufacturing plants, we are focusing on improving the technologies we use and switching to alternative power sources. We are committed to making our facilities more energy-efficient and adopting renewable energy sources such as solar and wind, as well as low-carbon power such as hydrogen energy.

CHALLENGE 6 ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

To preserve and enhance our co-existence with the natural world, we are organising reforestation and tree planting, green urban schemes and other environmental initiatives, both at our own sites and in the wider world. Our aim is to establish a society where people and nature coexist in harmony.

The Toyota Corolla is built to the highest quality standards at TMUK in Burnaston, United Kingdom.

YOUR COMPLETE PEACE OF MIND WITH TOYOTA

HYBRID SERVICE PROGRAMME

Hybrid Battery Extra Care cover[§] on an annual/15,000 km basis (whichever comes sooner) up to the 10th year from vehicle registration date.

QUALITY SERVICE

Your Toyota will need a Health & Safety check at least once every 2 years/30,000 km (whichever comes sooner). An intermediate check is necessary every year or 15,000 km.

LOW MAINTENANCE COSTS

All Toyota vehicles are designed and engineered to minimise your maintenance costs.

GENUINE PARTS

Providing the reassurance of Toyota quality, only genuine and approved components are used on your vehicle.

COMPREHENSIVE WARRANTY

Every new Toyota comes with a 3-year/100,000 km vehicle warranty[§], which covers any defect caused by a manufacturing fault^{**}.

ADDED SECURITY

Toyota's comprehensive security system withstands the insurance industry's rigorous 5-minute attack test.

TOYOTA EUROCARE

Enjoy peace of mind driving with complimentary Toyota Eurocare roadside assistance in 40 European countries for 3 years^{§§}.

GENUINE ACCESSORIES

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. All accessories are covered by a 3-year warranty when purchased together with the vehicle[§].

For more information on peace of mind visit: www.toyota-europe.com/service-and-accessories

[§] Check with your retailer for specific Toyota Hybrid Service Programme details. [§] Check with your retailer for specific warranty details. ^{**} Transport to the nearest authorised Toyota repairer will also be covered. In addition the 3-year/unlimited mileage paint warranty protects against defects and surface rust caused by a manufacturing fault. Every new Toyota is covered by a 12-year anti-corrosion (not valid for commercial vehicles) warranty against perforation of body panels caused by a manufacturing fault in materials or workmanship. ^{§§} Belgium 5 years/Portugal and Denmark 1 year.

THE COROLLA HYBRID FAMILY

THE CHOICE IS YOURS

An exciting journey lies ahead, as an icon becomes a hybrid. Alongside the dynamic Corolla Hatchback and practical Touring Sports is the Corolla Sedan, one of the most loved cars of all time. Introduced for the first time as a hybrid, the Sedan rounds up a perfect trio of Corollas, providing choices ideal for every kind of driver. So whichever body type you choose, you'll benefit from Corolla's illustrious reputation, as well as Toyota's self-charging hybrid.

ALWAYS A
BETTER WAY
